Restrictions:

Chiropractic Packages cannot be purchased for motor vehicle, personal injury, or workers' compensation cases. Purchase is also limited to established patients. Medicare-eligible individuals may not be allowed to purchase chiropractic packages. Please check with our office to see if your policy has any restrictions.

Terms:

A chiropractic visit is defined as receiving any of the chiropractic services listed above during a 15-minute appointment with Dr. Collins. If your needs require more than the 15-minute appointment window, you will need to pay for additional time and services. We will work with you to determine appropriate appointment lengths, particularly in cases of new injuries or conditions, or if there has been a lapse in care of greater than three months. The packages are non-refundable, never expire, and can be shared with other established practice members.
